

IN THE ABSTRACT:

Please delete the present Abstract of the Disclosure and replace it with the following new Abstract of the Disclosure:

--The present application discloses a system whereby various supplies of crafting and/or graphic design can be neatly organized and managed. The application also discloses a device having a housing wherein the housing is constructed so that it can be used by the manufacturer for containing crafting and/or graphic design supplies of varying types without the need for designing and manufacturing housings of various configurations individually adapted for individual supplies. A related method making different types of dispensers is also disclosed.--
